Campus Brasil is born!

2010

First participation in NAFSA

2011

Development of the Outbound department - sending the first group of Brazilian students to study abroad

2012

Creation of "Fuja dos Brasileiros" - our language department that works with alternative destinations around the world

2013

Reached the mark of 50 student groups composed both of sending Brazilian students and receiving foreign students

2014

Start of Latin American operations

2015

FAUBAI Accreditation - the first non-HEI to be invited to join the international education association

2016

Certified purpose: B-Corp

2017

A new home: Campus Casa

2018

New name and brand:
Campus B is an international education facilitator specialized in expanding experiential learning opportunities worldwide.
We work in four foci to deliver state-of-the-art programming:

- Logistics
- Cultural Experiences
- Experiential Interactions
- Professional Development
Logistics

- **transportation** – by land, water and air
- **accommodations** – unique and personalized, from Amazonian river boats to apartments
- **local experienced coordinators** – not only guide the group but become local friends
Field visits and themed discussions at companies, NGOs, government offices, factories, research institutes and more

Community engagement projects: generating sustainable impact on host communities

Activities at local companies and universities: immersion projects, consultancy, case competitions—all integrated with local students
we take you beyond the tourist destinations to introduce you to an authentic Latin America, whether it’s rehearsing Tango in Buenos Aires, playing footvolley on Ipanema Beach in Rio or hiking an Andean trail in Machu Picchu.
Promoting the development of new global leaders by providing professional internship experiences:

- facilitate placements in startups, companies, and non-profit organizations;
- visa support;
- monitoring and mentorship.
For years we have collaborated with institutions from around the world, connecting each through programs and high-impact interactions.
we are proud to be an accredited international education organization collaborating with our partners to foster value through education abroad
Campus Brasil is proud to be a Generation Study Abroad Commitment Partner pledging to boost and broaden participation across our study abroad programming.

The Global Learning Collective is the first truly global consortium of educational organizations that share similar values, offer a personal connection to your in-country host partner, while providing on-the-ground expertise and local access in each region of the globe.

FAUBAI [Brazilian Association of International Education] is an aggregate of over 250 Brazilian higher education institutions. Campus Brasil was the first non-HEI to be invited to join the international education association.

Sensacional! Campus Brasil is registered with the Brazil Ministry of Tourism. We are proud to be one of the most active ambassadors of Brazilian culture abroad.

Campus Brasil is a certified B Corp; Being “B” is working for an economy where success is measured not only by profits but for the development of society and nature.

FAUBAI [Brazilian Association of International Education] is an aggregate of over 250 Brazilian higher education institutions. Campus Brasil was the first non-HEI to be invited to join the international education association.

Sensacional! Campus Brasil is registered with the Brazil Ministry of Tourism. We are proud to be one of the most active ambassadors of Brazilian culture abroad.
1. Rooted in Local Academia:
We were born inside one of the most respected universities in Brazil and continue to collaborate with academia across Latin America through our memberships to local academic networks, like FAUBAI.

2. High-Impact Interactions:
We ‘break the bubble’ by facilitating constructive, authentic interactions with local professionals, academics, and student peers.

3. 24/7 Support:
Our local team is on-site and well equipped to prioritize student safety through around-the-clock coordination.

4. Authentic Social and Environmental Engagement:
We believe that a learning program should be a catalyst to connect cultures in the pursuit of creating a more inclusive, sustainable global society.
and last, but not least...

5. We are LOCAOLS :-)
THANK YOU!
